

## D.O. Valdepeñas

### Diego de Almagro Crianza

Diego de Almagro Crianza is made exclusively from Tempranillo grapes and is aged according to the guidelines for a wine with a Crianza status.

#### Region

Valdepeñas takes its name from the ancient city by the same name, that lies on a sun-baked river valley dotted by small rocky formations (Val-de-peñas – Valley of Rocks). Located in the South of Castilla-La Mancha in central Spain. The area is almost entirely encircled by both La Mancha Denominación de Origen on the North border and Andalusia on its Southern limits. It experiences extreme weather conditions, with temperatures reaching up to over 40 °C in the summer and dropping to as low as -10 °C in the winter. The future of this Denominación de Origen lays with its red wines made from Tempranillo; a grape variety that enjoys the ability to age well as crianza, reserva and gran reserva.
