

## D.O. Rías Baixas

### Medusa

This wine is made from “Albariño” grapes carefully grown in the vineyards at “Val do Salnés” (valley of the salterns) in Galicia, where most vineyards and wineries congregate under the Denominación de Origen Rías Baixas.

This grape variety is characterised by its small clusters, early ripening and medium vigour. They are remarkable for their pleasantly impressive fine and distinguished floral and fruity aromas, of a medium intensity and a medium-long finish.

### Region

Rías Baixas is a Denominación de Origen which includes a number of vineyards in Galicia, that share some geographical features which characterise and distinguish these idiosyncratic wines. Lowland areas near the sea are linked to lower stretches of river courses and are characterised by a mild climate and a decrease in rainfall during the summer months.
